 INTERESTING DAY'S SESSION

Washington, June 17.—[Special.]—Today's session of the Senate, after the Finance Committee cleared up some miscellaneous matters of no great concern, developed into one of the most interesting held during the month. No sooner had Senator Smoot, of Utah, on behalf of the committee, reported the rate of duty for wood pulp and print paper, than Senator Brown, of Nebraska, one of the Republican insurgents, took the floor and held it for upwards of four hours. He

Senate a few minutes before 4 o'clock adjourned in order to permit the Democrats to hold a conference regarding several important issues that are to be decided probably within the coming week.

Stirs Up New England Crowd.

Senator Brown stirred up the New England crowd in lively fashion. He had

member of the Senate, but never before did his legislative associates have an opportunity to size him up properly. "Nebraskan had hardly been on his feet half an hour before the ultra protectionists over on the Republican side of the chamber realized that he was loaded with ammunition that meant trouble if he did not combat the strong points he was making. . . .

Prominent in the reserve galleries—representatives of the paper trust, among them was none other than Mr. Chisholm, of the International Paper Company. Mr. Norris, who represents the publishers, was not far away, and each was accompanied by sympathizers. There two well-known men heard themselves alluded to many times during the animated discussion that was provoked

points that he even provoked the venerable Senator Frye, of Maine, to arise frequently and try to offset them. Mr. Frye, since the bill has been under consideration, has been content to sit still and listen, but when he heard the Western man giving facts and figures which showed that New England paper mills were asking too much in the way of pro-

tured in his dealings with the embarrassment and excited opponents of his proposition to put both pulp and paper on the free list. And the Nebraskans proved to the satisfaction of his sympathizers that he is a much stronger man in debate than they had supposed. As was said of him *after the afternoon shortly after the*

He thoroughly prepared himself on this question, and the Aldrich combination was totally surprised when he let loose to-day and acquitted himself so handsomely. They did not think it was in him. Indeed Mr. Brown proved himself as entitled to rank right up with the best of the brilliant Republican insurgents who have this session poured hot shot into the

Republican members of the Finance Committee.

W. H. BAKER, Associated Co.

Immediately upon taking up the tariff bill to-day the Senate agreed to amendments previously offered by Mr. Aldrich for the Committee on Finance, relating to tint, glazed and other surface-coated papers and calendars, cigar bands, etc.

The duty on writing and typewriting paper, etc., as recommended by the committee, provoked a dispute between Senators Bristow and Smoot as to whether it raised or lowered the rates of the Dingley law. The Utah Senator contended

WOUNDED BY SHELL.

GREETING OF THE MONARCHS.

Viborg, Finland, June 17.—The British steamer *Woodburn*, Capt. Robertson, was fired upon last night by a Russian torpedo boat approaching too close to the ship on the Finnish coast, where Emperor Nicholas and Emperor William are to meet to-day.

The *Woodburn* was hailed off Wirohanti, island of Finland. The projectile from the torpedo boat pierced a steam pipe and one member of the crew of the English vessel was wounded. The incident shows the extreme nervousness of the Russian safety of Emperor Nicholas, even at sea. Russian torpedo boats have been reported firing at the British and German ships.

MEETING OF EMPERORS.

William and Nicholas Visit Each
Other's Yachts.

Helsingfors, June 17.—The German imperial yacht *Hohenzollern*, with Emperor William on board, arrived here to-day. The Russian imperial yacht *Standart*, with Emperor Nicholas on board, arrived here to-day. The two emperors are expected to meet to-day.

Emperor Nicholas immediately went on board the *Hohenzollern* and welcomed Emperor William. The two emperors were dressed and manned.

Emperor William went aboard the *Standart* and remained until about 5:30 o'clock. Lunch was served at 1 o'clock and tea at 4 o'clock.

The German Emperor's party included Herr von Schöen, Secretary for Foreign Affairs, Count von Pourtales, the German Ambassador to Russia, and Lieut. Gen. von Plessen. The Russian Emperor and Empress were attended by President Stolypin and Foreign Minister Isakovskiy.

The meeting of the emperors was most cordial. Later Emperor Nicholas made costly presents to Gen. von Plessen and Count von Pourtales. The emperors conferred here on the situation of the world.

The German Emperor gave a dinner this evening on board the *Hohenzollern*, his guests including the Russian Emperor and Empress and their respective suites. Beautiful summer weather prevails.

Foreign Office Not Advised.

London, June 17.—Neither the British Foreign Office nor the Russian Embassy here has issued any official statement regarding the meeting of the emperors. The British Foreign Office is reported to be waiting for news from the Russian Embassy.

Another Explanation.

Copenhagen, June 17.—According to reports here the reason given by the Russian command for firing on the British steamer *Woodburn* was that the latter was signalled by the Russians, but gave no signal in return.

Copenhagen, June 17.—[Special.]—Independents to tobacco manufacturers from various parts of the United States will meet at the Sinton to-morrow with officers of the Burley Society of Kentucky to reach a final settlement of matters connected with the sale of the 1907 pool of the burley crop.

Differences between the independents and the society in the matter of the condition of tobacco subscribed by the latter will be adjusted. Clarence E. Leach, president of the Burley Society, will arrive in the morning. Hugh Campbell, Roanoke, Va., president of the independents, will arrive in the morning. Rochester, N. Y., secretary, are already here and talked over the situation to-day.

The independents are protesting against the sale of the 1907 pool of the burley crop, which was made the subject of a petition to Congress to-day.

Col. W. B. Haldean and Mrs. Haldean will sail Saturday, arriving in America June 23.

Mrs. J. Frazier Bonnie received yesterday afternoon from Col. W. B. Haldean a cablegram announcing that he and Mrs. Haldean will sail to-morrow with the steamer *Philadelphia*.

The steamer is a seven-day boat. Col. Haldean and Mrs. Haldean will reach New York June 25. The cablegram also announced that Mrs. Haldean, whose health is not generally of the best, is bearing her bereavement with fortitude and the consequent nervous strain well.

COMPLETE BIG ELECTRIC PLANT AT CHATTANOOGA.

Harness Tennessee River With Lock and Dam Above City At a Cost of Over \$3,000,000.

Chattanooga, Tenn., June 17.—At 3 o'clock this afternoon a current of electricity was turned into this city and power from the great lock and dam constructed at Hale's Bar, seventeen miles from the city, was available for the operation of industries here. The dam has past three years and the plant there will furnish 50,000 horse power. The cost of the project, however, will be over \$3,000,000.

It is stated by the builders of this enterprise that the cost of power for the operation of factories will be reduced to the minimum.

The undertaking at Hale's Bar ranks in importance with the work of harnessing the power of Niagara. Chattanooga and Eastern capitalists placed and are completing the construction of this lock and dam on the Tennessee River. The project is to harness the power of the river to navigation to Chattanooga the year round.
